

PISTOIA AND MUSIC: A LINK FOR THREE FESTIVALS

In the Province of Pistoia there are three Festivals historically recognized by Regione Toscana: the Pistoia Blues, at its 31st edition in 2010, the Itinerari Musicali-Sentieri Acustici (25th edition) and Estate Regina (13rd edition).

Of an international level and fame, The Pistoia Blues takes place around the first half of July and is dedicated to blues and rock music;

In august the Sentieri Acustici Festival highlights the characteristics of the mountain area and proposes the world music, a “niche” genre, but particularly similar to the local sensitivity and cultural background and well integrated with other projects like the Ecomuseum of the Pistoiese mountains.

The Estate Regina festival (from May to October) one of the priority events in Montecatini Terme and Valdinievole, thought to meet the cultural demand of thermal tourism and of residents which is dedicated to orchestral classical music, chamber and opera.

A music proposal which includes the whole territory of the province of Pistoia offering a rich outline of genres, locations and traditions.
